Hi Everyone

Hope this New Year finds you & your furry, finned or feathered children happy & well.

Business is a bit slow, but I'm not surprised with the way the economy is right now. On the upside I've been able to get some things done around the house that I have been putting off. Like tax papers, filing, updating client files, cleaning house, etc.

**New Service Offered** - 'Overnight Stays' are now available - Auntie Kay has offered to do Overnight Stays at your home. This will be approximately a 10 to 12 hour visit between 6P & 8A at \$65-70/night. Since she can only do one Overnight at a time a 2 week advance notice will be required with a 50% down payment. There will be a 25% cancellation fee. Still working out the details so if you are interested in this service give me a call for more details.

## Question & Answer

Q: I was recently asked for my opinion on which vaccines are necessary & when should they be given to our fur children.

A: Since the protocols on vaccines have changed in recent years I'm doing some research on the subject & will let you know what I find out next newsletter.

If you have a question that would be of general interest to everyone send it to me & I'll include it & the answer in a future newsletter.

**Newsletter frequency** – beginning with this newsletter, I will be publishing a newsletter quarterly to be either e-mailed or printed & snail mailed. If you wish to be removed from the newsletter mailing list either e-mail me at [AuntieEvie@AuntiesPawsNthePines.com](mailto:AuntieEvie@AuntiesPawsNthePines.com) & put UNSUBSCRIBE in the subject line or call me at 927-2375 & I will remove your address from the mailing lists. Also if you would like to get this via e-mail or mailed instead let me know that as well.

### Welcome to the family

## WARNING

### Dangerous Dog Toy

Check out this web site

<http://www.snopes.com/critters/crusader/pimpleball.asp>

If you have a dog or know someone who does pass this on to them.

This ball got stuck on this dog's tongue causing it (the tongue) to swell & it ended up having to be amputated. Supposedly this product has been pulled from the shelves, but if you have one at home get rid of it NOW. I would suggest cutting it in two so some unsuspecting dog won't suffer the same fate.

## Wanted - Forever Homes

**Precious** – Is indeed a precious kitty. He is very loving & a great lap warmer, about 6 years old. Is in great health. Would be great for an elderly person with no other pets or young children. Call Toni at 927-0771 for more information.

### **Boots and Tiger are darling, laid back older lap cats**

They are brother and sister who obviously care for each other and would love to stay together. He is a BIG boy and they are both very affectionate, but she in particular. They are not meowy and have no emotional, health, or medication issues... They are clean, have slick coats, and are loving, purring, and easy keepers. They are outdoors during the day and know how to take care of themselves...fending off raccoons is a matter of course for them!! They are inside at night and are happy in their lives. please call Jill at 924-1869 for more info.

Until next time have a purrectly woofen good day.
