

Aunties' Paws N the Pines

Hi Everyone

I thought I would like to try something new. I've tried doing a newsletter but that never seems to get out when I want it plus postage & printing is getting to be expensive. So I thought I would like to do an E-Newsletter maybe every 3 months to start with & see how that goes.

If you have e-mail & would like to receive this newsletter by e-mail in the future please e-mail me at AuntieEvie@AuntiesPawsNthePines.com & put SUBSCRIBE in the subject line. I will add you to the list. Please be assured that I will not sell or give your address to anyone, this will be for business purposes only. You may unsubscribe at any time by putting in the Subject line - UNSUBSCRIBE - & I will remove you from the list.

If you have found a good website for pets - info, supplies, adoptions, etc. let me know, I'll check it out & pass it on if I think it would be of interest to everyone in a future letter.

If you haven't already do so check out my new & improved website www.AuntiesPawsNthePines.com . I have several links on the Pet Resources page you will find of interest.

The newest one is www.PoopBags.com a source for eco friendly biodegradable bags for cleaning out your cats litter box or for picking up after your dog.

Another eco friendly idea will be found on the Pets911 link for homemade cat litter using paper.

For those of you with dogs you might be interested in the link to Attaboy Dog Behavior Consultation Services.

We here in Cambria have been fortunate to have not had a major disaster like hurricanes, tornado's but floods fire & trees fall on houses is a real potential here with all the forest around us & the possibility that our pets may get lost. They would have

a better chance of getting back home to you if they were Micro-chipped. Check out PetLink & resQ links. I have all my kids micro-chipped even though they don't go outside unescorted but if a fire were to happen they could become frightened & escape in the all the commotion. It is a very simple & quick procedure. My kids didn't even flinch even though a very large needle is used.

One last thing to mention is the Holiday season is fast approaching. I only have a couple of time slots open for November 26th & 27th left & Christmas week is getting filled as well so if you know pet sitting for either time let me know ASAP.

If you have e-mail & would like to receive this e-news letter by e-mail in the future please e-mail me at AuntieEvie@AuntiesPawsNthePines.com & put SUBSCRIBE in the subject line. I will add you to the list. Please be assured that I will not sell or give your address to anyone this will be for business purposes only.

Until next time have a purrectly woofen good day

Auntie Evie & the Aunties Team
